

NATURAL SCIENCES

Students in the Natural Sciences major can choose from a wide range of courses to complete their degree. This flexibility is often helpful for students who have already earned a significant number of college credits. This flexibility also allows students to pursue many different career goals. Graduates of the program often work in a research or industrial setting. The Natural Sciences major is also excellent preparation for students who intend to pursue graduate programs in business, education, or the health sciences.

BEYOND THE CLASSROOM

HANDS-ON EXPERIENCE

Cooperative education provides real-world experience in industrial, research, and healthcare settings in Greater Cincinnati. These experiences have often led to full-time positions.

FURTHER YOUR EDUCATION

Students interested in preparing for a career in health care at the graduate level are encouraged to work with their academic advisor to identify a career path that aligns with their goals.

AFFORDABLE EDUCATION

\$5,000

SCHMIDLAPP SCHOLARSHIP

Open to women majoring in biology, chemistry, computer science, or math. Based on academic talent and location. The deadline to apply is January 31. Download an application at msj.edu/aid-forms.
